Clubdeal is moving fundraising into the future offering fundraising potential, immediate benefits to your Club and cheaper bills for your Members!

Who are we

Clubdeal is an Australian fundraising organisation that provides a platform for Clubs to raise funds to contribute to the growth and development in their community.

Fundraising is critical to all Clubs – from junior and grass roots Clubs through to elite organisations. However, we understand how difficult it is for Club Members to find time for fundraising activities. As a result Clubs lose important fundraising dollars.

To address this challenge Clubdeal has formed an exciting new partnership with Energy Deal, a locally owned and operated business that will find you a better deal for your Electricity and Gas from its panel of Energy Retailers.

What you need to do

Participating is easy. All your Club Members need to do is agree to receive a call from one of the Energy Deal Team members to find a better Electricity and Gas deal from their panel of Energy Retailers.

For every sign up of a new Electricity and Gas Account, Clubdeal will pay your Sporting Club \$70*

Once your Members decide to take up the offer, and switch their Electricity and/or Gas providers, your club is rewarded with up to **\$70***. One successful phone call, and your Club earns **\$70***.

Imagine if **50** of your Club Members all did the same, your Club would have raised **\$3500** without selling or donating anything!

How does it work?

Our goal is to make it easy for your Club to raise money. All your Members, family and friends need to do is to agree to save money by getting a better deal.*

Support your Club by:

- 1 Agreeing a common goal or objective you want your club to achieve, such as new training gear or equipment.
- 2 Inform everyone in your local community about your fund raising initiative.
- 3 Have each of your Members, family and friends opt-in to Club Deal via our website. www.clubdeal.com.au
- 4 Once you have successfully switched to a better deal your club will benefit with up to \$70* per household and/or business that participates.
- 5 Upon completion of the initiative your club will receive both the allocated funds raised, along with a Certificate of Appreciation.
- 6 That's it.

Simple quick and Easy

*\$30 for Electricity, \$30 for Gas, or \$70 for both.

Getting started today

If you are interested in raising funds for your Club please contact us via email. We will then be in touch to assist you in getting started. Or call us on **1300 300 831**.

Simple!
